

Harvard Alumni in Bengaluru

- Growing and increasingly diverse base of active alumni
- Recently hosted Harvard Vice Provost Mark Elliott for an engaging University Update
- The Global Networking Night has become a core element of our calendar and has helped us grow our network
- Events in conjunction with fellow Ivy alumni groups have helped us to expand our range and number of events
- Formalizing the Club structure and setting the group up for continued growth and stronger engagement is our highest priority for the year ahead
- We are also working to continue to expand out engagement with the university and groups in the region (e.g. SAI)
