

## **SIG MEETUPS**

### ***Frequently Asked Questions***

---

#### **GENERAL INFORMATION:**

**1. What is a SIG Meetup?**

- SIG Meetups are annual, SIG-hosted gatherings held on Harvard Alumni Day. They are a fantastic opportunity for SIGs to connect with alumni, recruit new members and volunteers, and promote their organization to the broader alumni community.

**2. When and where will SIG Meetups 2026 take place?**

- SIG Meetups will be held on **Friday, June 5, 2026, from 3:00-5:00 p.m. ET**. SIGs can choose to host their event on campus or secure their own venue near Harvard Yard.
- If a SIG reserves its own space, it may adjust the start and end times within the 3:00–5:00 p.m. window. However, we recommend utilizing the full two-hour timeframe for the best experience.

**3. Why was SIG Meetups moved from the Saturday of Harvard College Reunions to Harvard Alumni Day?**

- SIG Meetups used to be held on the Saturday of Harvard College Reunions. Harvard Alumni Day is sandwiched between the various class reunions days. Moving SIG Meetups to Friday aligns them with both celebrations, increasing visibility and engagement by allowing SIGs to connect with a larger audience of alumni convening on campus for the various festivities.

#### **PARTICIPATION & REGISTRATION:**

**4. What are the requirements for hosting a SIG Meetup?**

- At least one SIG volunteer leader must commit to being present at the SIG Meetup and for the entire duration. SIG Meetups must be open to all alumni.

**5. Where can we host our SIG Meetup?**

- HAA-provided classroom space or a separately arranged venue. If requesting HAA space, this must be indicated on the registration form. If securing your own venue, it should be near to Harvard Yard. Some SIGs arrange on-campus space through partnerships with student groups or affiliated centers, while others opt for nearby off-campus locations within walking distance.

**6. When will we receive confirmation of our event location if using HAA-provided classroom space?**

- While the HAA will make every effort to inform SIGs of their confirmed meetup location as soon as possible, those using HAA-provided space can expect to receive location details by early May, if not sooner.
