

HAVARD HONDURAS ALUMNI
GROUP

HAA HONDURAS CONTACT

- In early April 2016, with the kind assistance of Sari, Carlos Mendoza and the ideas of Mr. Carlos Lacayo, the Harvard Honduras Alumni group started.
- We're still a small group but we have representation from the College, HKS, HBS and HLS.
- As a first step we put together a mailing list to make sure we had means of communications and a way to transfer the initiatives from other groups and SIG's.

HARVARD PRIZE BOOK

- As first formal step, we started with a pilot for the HPB, choosing the school that represented Honduras in the Harvard-MIT Math tournament, Macris School in Tegucigalpa.
- We granted 3 books to students entering the Senior year using a GPA methodology designed by the school that included an average of the annual high school grades plus the average of the 1st semester.
- 3 outstanding students, a winners and 2 runner ups, were granted the HPB. The winning prize had a GPA of 99.536/100.

MACRIS' ANNUAL AWARD CEREMONY

- The HPB was given 5-15-17 to the students in the school's annual award ceremony with the presence of the School's Principal and other Authorities.

NEXT STEPS

- Grow the Group Membership.
- Expand the HPB to San Pedro Sula
- Explore ways to connect with other Clubs, SIG's and groups.
